PROFILE

Computer Science student with knowledge of C, Java, Python and JavaScript. Currently learning data structures, algorithms, and OOP while building projects to strengthen problem-solving skills. Proficient in UI design using Figma and Canva, with additional interest in photography. Open to learning new technologies and expanding technical expertise.

SKILLS

▢ Programming Languages: C, Java, JavaScript – with hands-on practice in writing and understanding basic to intermediate-level code.
Core Concepts: Data Structures (linked lists, trees, graphs), Algorithms, OS& Object-Oriented Programming.

▢ Basic front-end development using HTML, CSS & JavaScript, with growing interest in UI/UX design through Figma and Canva. This sparked my passion for graphic design,

SAMPLE WORKS

an event graphic I designed for *St. Vincent Pallotti College, Nagpur* [https://www.canva.com/design/DAGxQW2vdk0/WOBcq5EaVsaxYJ BAlQtXfw/edit.].
